

Appendix B

Spill Prevention Methods

B.1 REFERENCE DOCUMENTS

B.1.1 Preventing Pollution in our Cities and Counties

The purpose of this compendium is to highlight pollution prevention (P2) activities of city and county governments. 19 case studies are presented including a diverse array of P2 programs from government agencies of all sizes, districts of varying population densities, and programs in all stages of development.

For copies of the “Preventing Pollution in our Cities and Counties: Compendium of Case Studies”, 80 pages, and information on reprinting and distributing the guide contact (Order Number: EPA/74/R-95/011):

National Service Center for Environmental Publications
P.O. Box 42419
Cincinnati, OH 45242-2419
800-490-9198
